Description

The Edgecore ECS4100-12PH switch is an 8-port PoE Gigabit Ethernet access switch with 2 combo and 2 FE/1G uplink SFP ports. The switch is ideal for Internet Service Providers (ISPs) and Multiple System Operators (MSOs) to provide home users with triple-play services and up to a Gigabit of bandwidth. The PoE function can be used to connect to WiFi APs for a hotspot service, or to connect to IP surveillance devices. It is also an ideal Gigabit access switch for SMB, enterprise, and campus networks connect to IP phones, WiFi APs, and IP surveillance cameras. The ECS4100-12PH switch is packed with features that bring high availability, comprehensive security, robust multicast control, and advanced QoS to the network edge, while maintaining simple management. The switch also supports the most advanced IPv6 management, IPv6 security, and IPv6 multicast control in accordance with the growth of IPv6 deployment. ISPs can expand their services for home to business users by providing a more reliable and resilient network (ITU-T G.8032 ERPS), L2 VPNs, and advanced OAM (Operations, Administration, and

Maintenance) functions to ensure service-level agreements. This is the 1st Edgecore PoE switch that supports up to 60 W Ultra PoE IEEE 802.3bt.
